Are you for, for  
I'm alright.  
But for a person to fight  
with Familiar empty fist.  
What kind of person are  
you...

Ho, Is the  
little Miss  
injured?

Ah! So, you  
can survive  
in such a  
cruel place.

I am too  
happy~I  
I'm so  
touched!

What is  
that  
for...?

!

I've never seen such a smiling bastard! Can I not do anything!

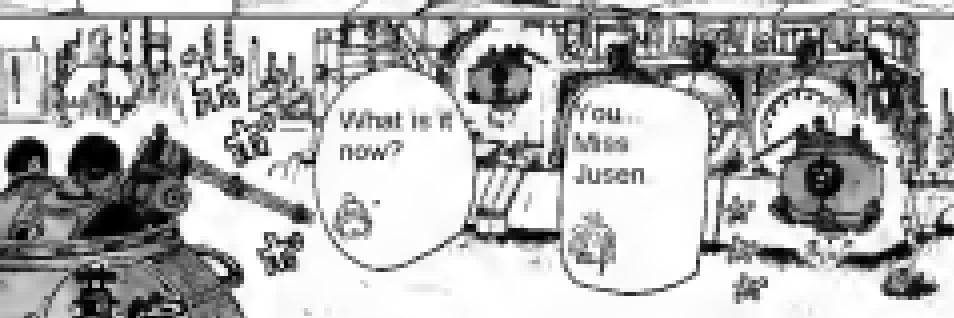

Ah, you're shy.

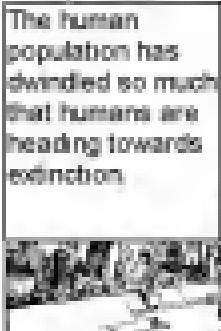

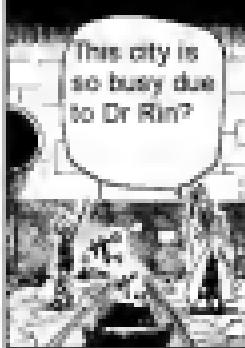

Y'gg-

I'm hurting

How could that be, idiot!

Huh? This is to welcome you

They invented a human shaped Familiar, to become the humans' beam of hope.

The genius scientist, Dr Edward, and his colleague, Dr Ron,

Tyrants formed an army of Familiars.

But

Being way stronger than humans, the humans were looking forward to rebuilding their homeland with the Familiar.

The difference in their strengths are too great, and they all soon fell.

And killed all the scientists in the world.  
Although many countries sent their troops to destroy the Familiar,

Now, 10 years later, the world is still ruled by the Familer.

The reports of a "Snake" in thy area has been confirmed.

And, try to deal with Dr Rin's daughter as fast as possible.

I'll be sending the information over. And it's time for thy's favourite hunt.

Whee hee hee. I will follow thy orders.

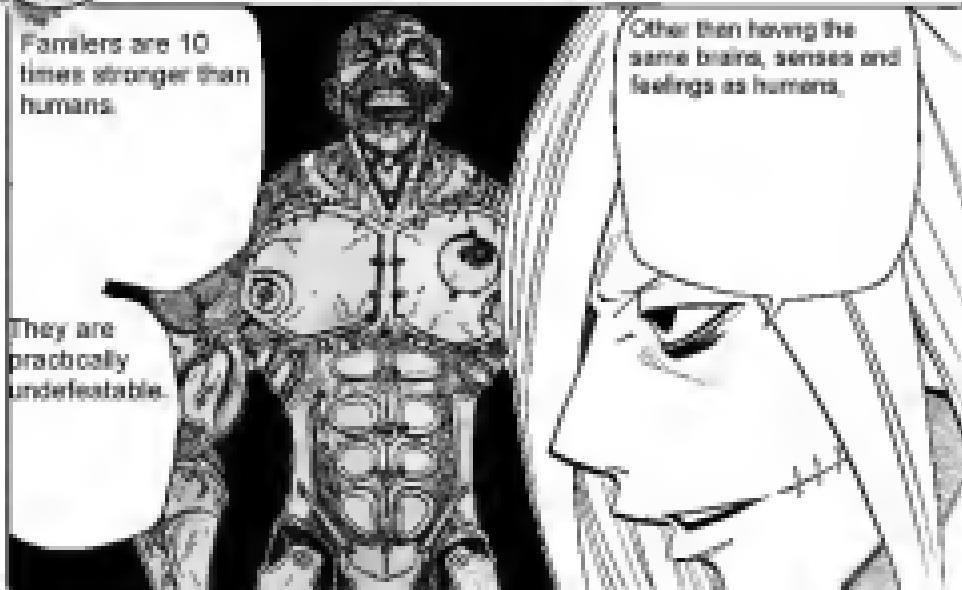

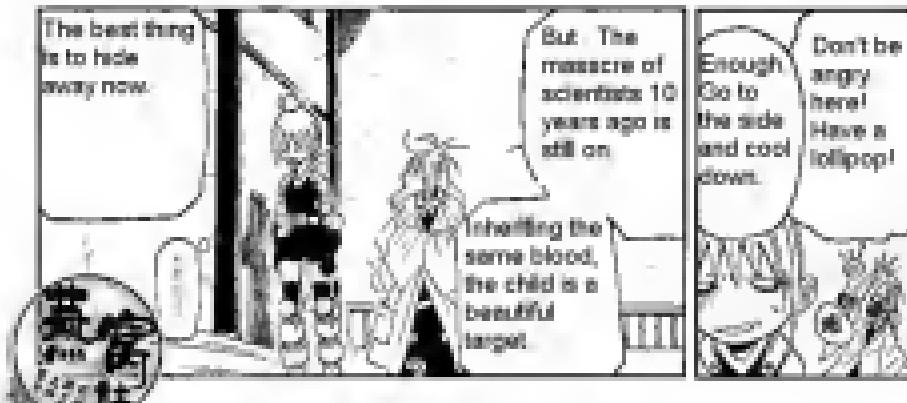

Don't get too excited.

Just recall the massacre of scientists 10 years ago.

Wu hee hee hee, don't feel hurt.

That is different...  
I can protect  
myself.  
Surely

Like  
just  
now!

Bull! You! You  
are still running  
about!

The area  
surrounded  
by towers.

See that?

Now, Limsi Da  
has been  
taken by the  
Familiar.

Topolodo is that  
bastard, perverse maniac  
who loves to hunt for leisure

The humans  
are enslaved in  
another area.

Scientists  
will never  
give up!

That is  
what  
Mother  
often  
say.

Even with any plans  
or tactics, just as  
long as she enters  
the lab, she will be  
discovered.

When Dr  
Edward was  
killed, my  
mother knew  
how dangerous the  
enemy is.

It might be!  
But the  
possibility is  
not 0!

No... But all  
information  
would  
already  
have been  
destroyed...

But compared to  
the Familiar  
army... your  
strength is...

That is my  
home! It is  
my  
mother's  
and my  
home!

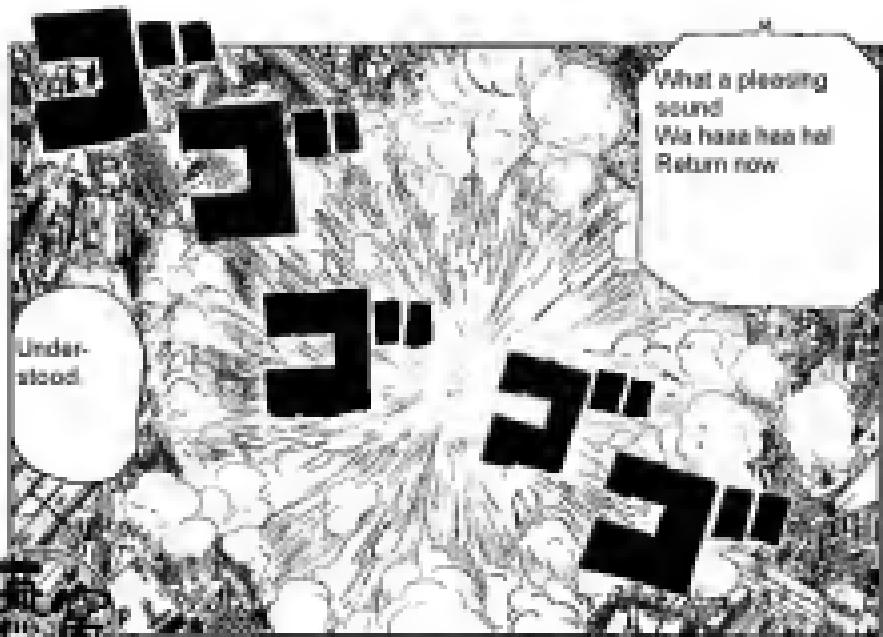

You want to  
enter their  
base?

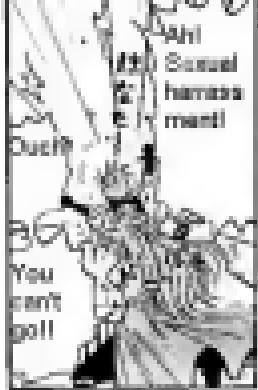

The  
explosion of  
the western  
area is  
completed.

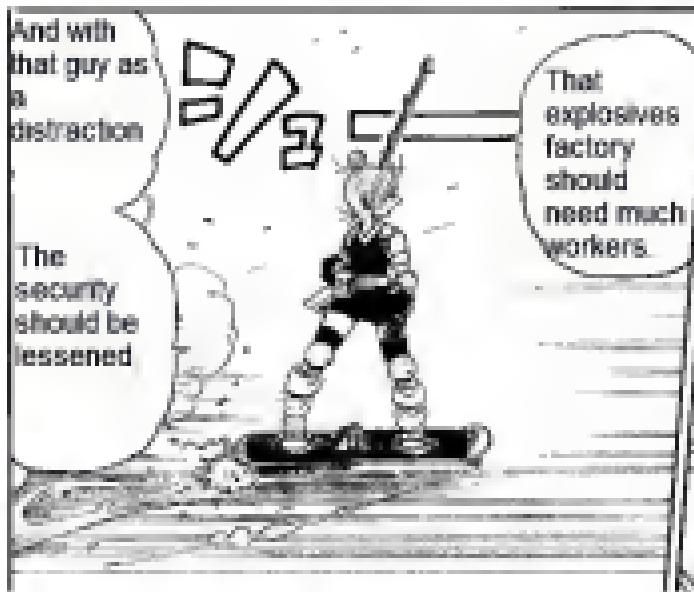

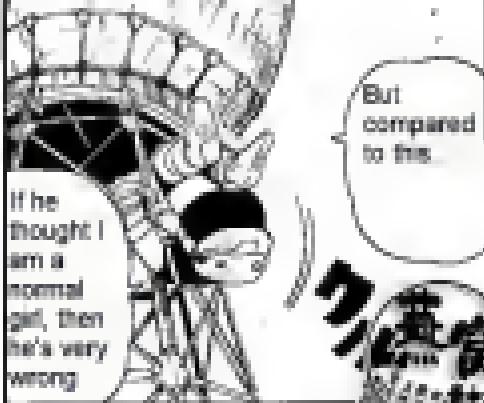

"Ouch!!

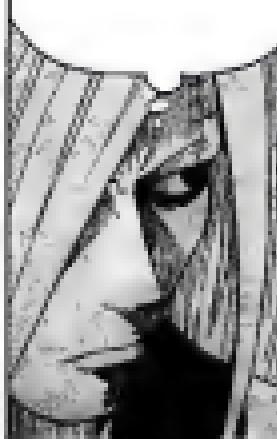

I'll make  
sure that  
they stay  
on!

Mother's  
thoughts.

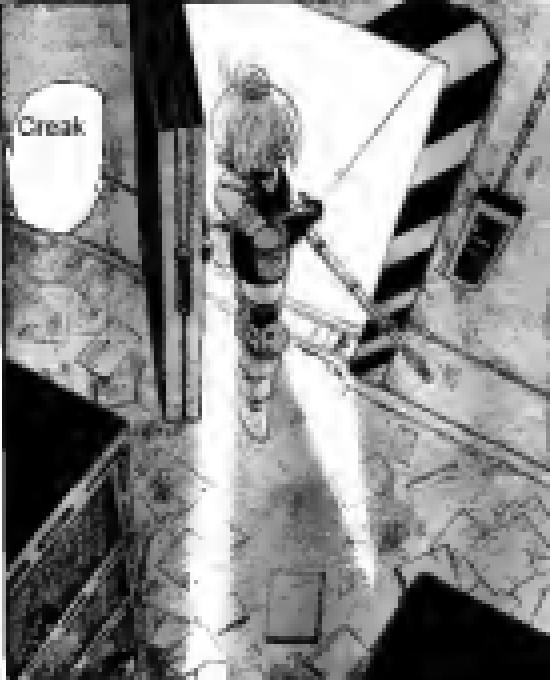

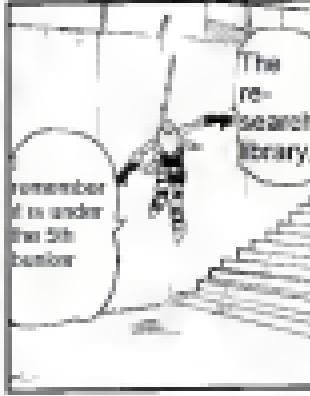

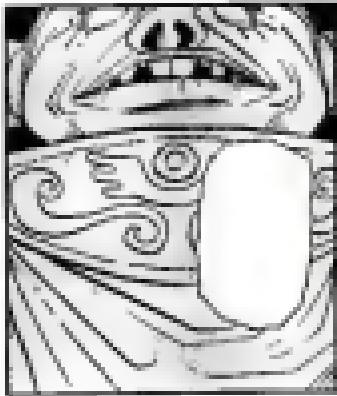

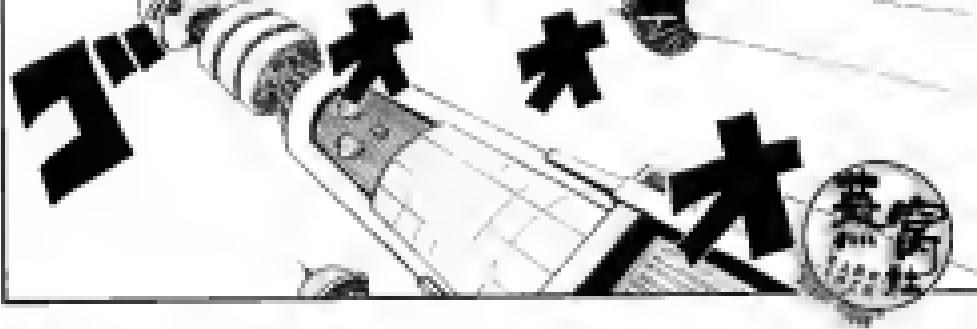

Where are all the  
soldiers?  
I have a bad feeling  
about this.

It's too  
quiet.

Strange.

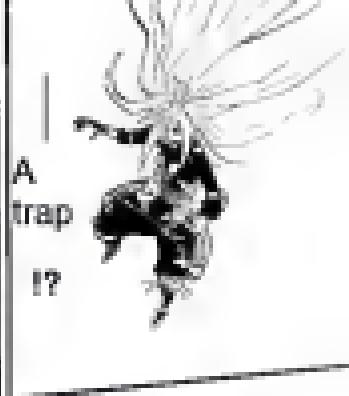

What is  
this?

So the

like this!

Hunting is more fun this way!

Mwha

Ouch

drip

Ever since I've  
moved in here, you  
have been pestering  
me.

You only  
wanted to take  
this place  
away from  
me, right?

So, how does it feel,  
Miss Josen?  
You haven't come to  
my house for a long  
time, do you feel  
happy?

And don't drip  
any blood  
here, my bed  
will be dirtied.

It is really  
boning, they all  
die  
immediately.

Now, can  
you  
understand  
the joy of  
killing?

Ever since the  
flag of revolution  
has been raised,  
there was a rise  
in hunters.

Politicians, the  
army, scientists...  
Though a lot of  
humans were  
chased out,

You must  
be  
furiously  
trying to  
live right?

I'm bored,  
so I'm letting you live

You are  
clearing that  
fellow for having  
the power to kill  
all your peoples!

Play? It's  
a lie.

Mwah ha  
ha, this is  
so great!

Look! We  
recently called  
the trouble maker  
amongst us the  
"Snake".

To any  
difficult  
problem

A scientist,  
no matter  
in what  
difficulties,  
can create  
a solution.

I just wanted to  
"play" with this  
snake, when you...

I know  
you two  
were  
together  
just now

Is way  
stronger  
than you!!

That  
infinite  
power,

I am of  
the  
highest  
power  
here!

You  
say I'm  
afraid  
?

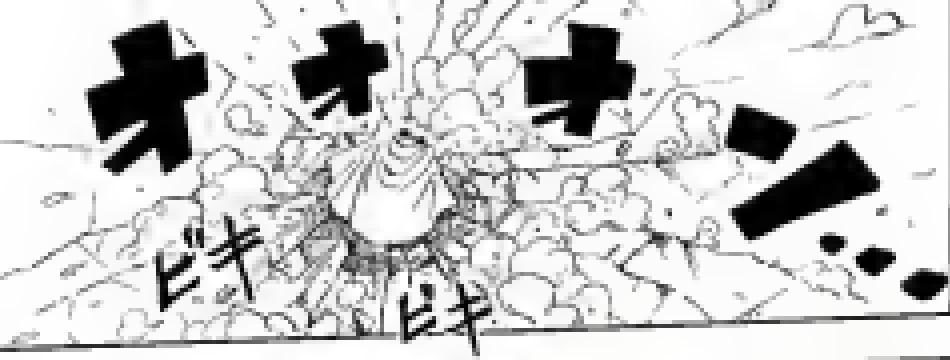

—

You  
humans  
are all  
weaklings!

What  
can you  
do?

They never  
achieved  
anything  
before they  
died!

Snake

It's a sin to  
scar a beautiful  
lady's face!

You  
injured  
her.  
didn't  
you?

Dr. Ed.

Oh...  
Thank  
you

Sorry that  
I'm late. I'm  
here to  
fetch you  
Miss  
Jusen

That's true. I did die once 10 years ago.

Because of a government play...

Ah, it was horrible

You! You are that Dr Edward that died 10 years ago, !?

But in truth, they are the ultimate weapons used to enslave the world,

I was totally tricked.

I first created the Familiel.

Was because the government asked me to "Save the humans".

But it was she who turned my into a Familiel and revived me.

I died, and my colleague Mr Rin was gravely injured.

Ne...pens

You say i

Yes, in my own words, it is "A weapon created to defeat weapons"!

i

What, what a  
joke!  
Even if you  
share the same  
body as us.

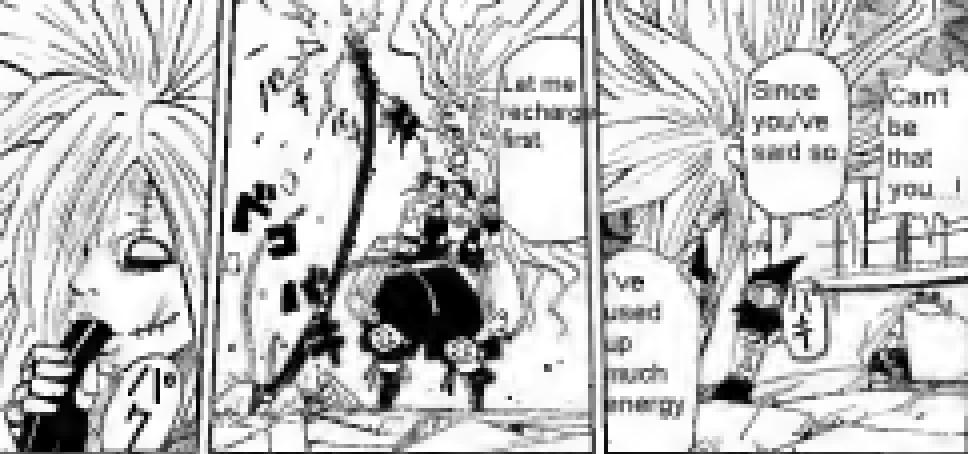

You have no  
chance of  
defeating all  
these soldiers!

Dr Rin's  
master

Edward

Wh,  
what!?

Ah ha ha ha!  
Then the soldiers on patrol  
why hasn't they returned?

What the heck are you trying to do?

Dr Ron did this, go complain to her.

There should be a limit to your jokes!

After eating electricity, it'll convert to energy!

You are  
already  
dead!! Return  
to your grave

Wom1 give  
up even  
when they  
are dead!

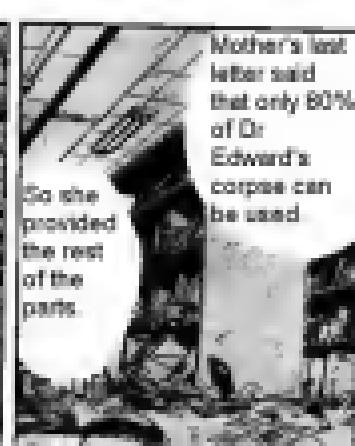

Mother

I tell  
you  
some-  
thing!

Already  
dead, is  
it?

But at least I know

Although it's a bit tough for Dr Edward.

I'll take a long time and I don't know if it will succeed.

Sorry Jusen, Mother is now researching on saving the world.

Until we have saved the smiling faces of everyone.

Mother can't stop working harder.

It's gentle, yet strong.

Scientists will never give up.

ELECTRIC  
JOLT

ONE  
MILLION  
VOLT

This, is  
for Dr  
Rin,

For the  
beautiful  
love for  
her child,

Don't think  
that just one  
attack can  
settle it all.

Edward

I've just pressed  
the detonator for  
this lab to explode.  
Don't think that you  
can ever escape  
from here!!

Just obey  
your  
fate!

Ah...  
What?

The  
Lab!

Then I'll carry  
you! I won't do  
anything, so  
come quick!

This way I  
rather if  
you don't  
carry me.

Maybe you  
should say  
your waist is  
getting soft  
he ha ha ha!

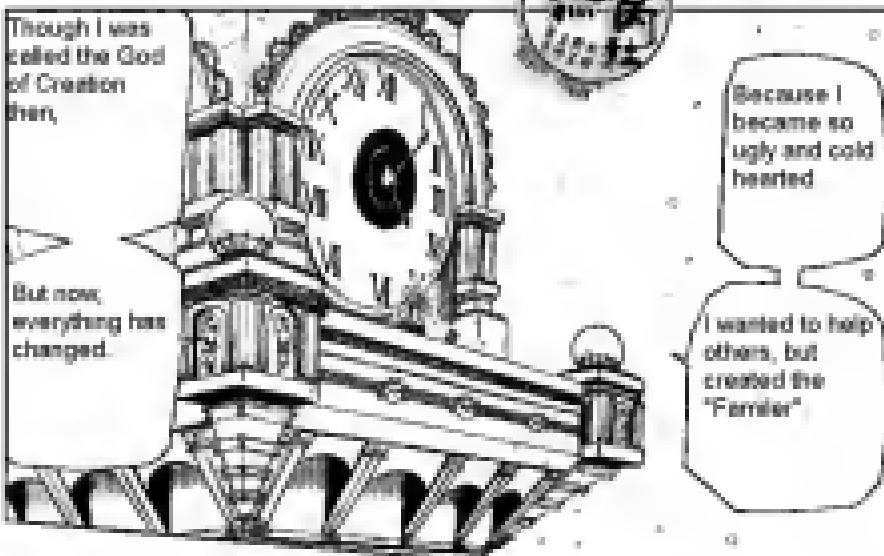

Oh no... once I  
calm down,  
my body can't  
move  
anymore...

Ah... What,  
what the  
what are you  
saying?

Whee  
oh!

Whee  
oh

No matter if it's in the past or now.

You're always a great person.

Even if what we have done had changed, just as long as we don't give up on our goals.

In everyone's hearts, there's not just the thought of saving others.

Coming, a lollipop for you.

Sab. Your words are really touching

And lovingly (?)  
The duo

(Defeated Devil)

Hm~  
This is the best after all.

I didn't know that Miss Jusen will cry...

I think love has started to bloom in my heart.

What!  
Don't say such strange stuff!
